It can't possibly be 30 years! The numbers add up that way, but my mind still resists. I now have a grandson, Conner, and lots of students - 3,000 at least, many with families of their own, to remind me that it must be true. I've been involved with teaching for 24 years. My daughter, Michelle, is a senior at BSU and Michael, my son, is also at OSU in Corvallis. With both of them almost graduated I feel that I am definitely on the brink of a significant plateau in my life. Michelle and her husband have an energetic one year old. Conner has indeed added a new dimension to my life. My interests revolve around family, the outdoors - rafting and camping in particular; garage sales; music - bluegrass, folk, new ages; Weiser Fiddlers' Contest; antiques; videotaping for school; study - geography and other cultures; and travel.

I was born in 1943 which ages me roughly at 39 years. Out of about 130 students in our class I graduated number 129 and if my beautiful cousin Bonnie hadn't sat in front of me I would still be there. As far as my life has been I do what I enjoy most. I've fished and hunted every drainage from Stanley Basin to the Snake River Basin, I've skied at most major ski resorts in the U.S.A. and Canada. I've raised two boys from the ages of 2 and 6 years old. They are now 17 and 21. I often think of my classmates & of the good times gone by - I wish that there might be a way to go back in time, to be with my good friends Barry, Butch, Phil and many others. I ski from Nov. to April and drive truck in the

summer. Late in the summer and on into late fall you might find me if you know the back country of the Little and Big Wood River Valleys.

I then went to work for the U.S. government as an engineer at Point Mugu, Ca. In 1983 I was transferred to Scottsdale, Az. where I am at presently. It must be noted that the bottle of Scope I received at the 20 year reunion didn't work as I am still single.

Thirty years, if it could be said in a few lines it would be an outline. Worked as an electronics tech on commercial and military aircraft. Been in almost every state in the U.S. at least once. Almost finished raising our two sons and looking forward to some years of quiet at home and some travel overseas, and last but not most important and fun, has been my church work, including a couple of Billy Graham Crusades and involvement with starting 2 churches from the ground up.

Spouse: James "Pat"
Children: Shelly 27
Leanne 24

A lot of things have changed in my life since our last reunion. I was transferred with the Forest Service to Denver, Colorado in January of 1983. My daughters and I packed up and moved to Denver, which was pretty traumatic in itself since we had lived in Boise almost twenty years, but we learned a lot and adjusted. My oldest daughter, Shelly, graduated from the University of Colorado at Boulder and met her husband, Rich Howard, there. They married after they graduated in 1987 and are living in Englewood, Colorado (a suburb of Denver). My youngest daughter decided she wanted to attend college at

Arizona State University, so we moved to Phoenix in June of 1985. Leanne graduated from ASU December of 1990. She got engaged to Patrick Grossman last New Year's Eve and they are planning to marry March 7, 1992. I work for the Bureau of Land Management as a natural resource specialist. I am still not grandma yet, but my oldest daughter tells me not to give up. I was a bachelorette for a lot of years and then met this archaeologist from Lake Havasu City, Az. and my life changed for the better. We were married on Valentine's Day of this year and I graduated from college May 10th of this year, so 1991 has been pretty exciting for me. As far as we know now, we are going to stay in Phoenix, but things are always changing as you know. If you are ever in the Phoenix area, please give us a call at (602)996-6059, or at work (602)870-6721.

It sure doesn't seem like another ten years have passed, until I look back at the changes that have taken place. Since the last reunion I have become another "statistic", more commonly known as "the single parent". I still work at Clear Lake Country Club but my job has changed from part time in the pro shop to full time bookkeeper and secretary. I am also secretary to the Board of Directors. I spent the last several years raising my two sons, Clay & Robby. Both boys were active in football & basketball. Clay was in high school rodeo and Western States Jr. Rodeo, specializing in bull riding and calf roping. Robby was in high school golf and the Idaho Jr. Golf Association. He qualified for the state high school golf tournament three years. I was a director for the Fifth District High School Rodeo for six years. Both boys are graduates of the College of Southern Idaho and Robby will be attending Boise State this fall where he will major in education. Clay has given me two precious grandsons, Joshua - age 4, and Ethan - age 1 1/2. It's been a struggle at times raising the boys alone but the rewards were many and I'm extremely proud of my sons, their accomplishments and the kind of adults they've become. I've had a wonderful time working with the committee on the class reunion and wish all of you could have been here to share in the planning and preparations.

After graduation from Jerone I attended Northwest Christian College, Eugene, Oregon from 1961-64, 1965-67, graduating in 1967 with a Bachelor of Theology degree. I served the University Street Christian Church of Eugene, Oregon as associate minister for 3 1/3 years, developing youth programs for junior through college age youth. I married my wife, Roberta, in December 1969. In 1970 I attended the University of Oregon Graduate School of Speech for two terms then transferred to Fuller Theological Seminary, Pasadena, California where I began work on an MA in missiology the fall of 1971. In 1972 we moved back to Oregon and began raising support for our work in Africa as missionaries. We commenced work in Zambia, Africa in October 1973, focusing on church planting and leadership training. We work mainly in one of the local Bantu languages. Together with other missionaries we have helped establish fourteen congregations and train eighty church leaders in the northern state of Zambia. I completed the MA in missiology in 1987. Actual time spent in Zambia is about 13 1/2 years out of the past 18. We will not be returning to Africa though we would love to do so. We will settle near my wife's parents in Yamill, Oregon. My wife is a registered physical therapist and will probably seek employment in that field. We have one son, Joshua, age 13.

After graduation from Jerome High I immediately entered college and after 4 years received my R.N. and reached a goal I had always wanted. During this time I met and married my sweet husband, Dick Oyler from Tremonton, Utah. We were married in the Idaho Falls Temple. We were in Cleveland, Ohio 4 years while he attended dental school and I worked in labor/del. Our family grew to 7 children and we have lived in many places including American Samoa, where Dick did dentistry for the government. It was an exciting time as we lived the island life and played in the ocean and on the beaches. My family has been my life & my joy. We have been kept busy with activities the children have been involved in and with church callings. Busy and happy. We have spent the last 14 years in Pocatello, Idaho where we were close to both our families. Then in July 1990, we moved to Boise, built a new home and Dick now does dentistry at the Idaho State Penitentiary. And after all these years as a labor/del. nurse I am now working in kidney dialysis at St. Alphonsus. We have become grandparents since our last reunion. We have 2 grandsons and our whole family loves being with them.

I began working shortly thereafter at the INEL, west of Idaho Falls (June of 1967). In August of 1968 I married Paula Eaton from Wendell. Fellow classmates: it doesn't seem like another 10 years have passed, but here we are, trying to think of what has happened in our life, and making it

short. In the fall of 1981, I sold my farm and went to work for Watts Mfg. as sales rep. & northwest field-man. I was there for 2 1/2 years., then worked for D & D Equipment in the parts and sales dept. I managed an 800 acre farm for a year. I am now self employed selling used farm equipment. I also work with Wall Auctioneers as their P.R. man and ring man, and work with Silver Creek Irrigation as salesman, or (**mostly bullshitter**). I have two children, Todd and Julie. Todd has a one year old boy, Julie has a two year old boy and almost another one. I am as proud as can be of all of them. I was on the Idaho Centennial Committee for Jerome County for two years. I have been on stage with the Northside Playhouse in the productions of *Paint Your Wagon* and *Hello Dolly!* My first wife and I parted company in 1983. In 1986 I got remarried to a great lady, Sandra. She has two daughters and seven grandchildren. We live south of Jerome on 5 acres. I've had a great time helping put this reunion together again, and am looking forward to seeing everyone there.

The last 30 years have passed quickly. After leaving high school I attended the College of Idaho. After graduation I entered the U.S. Navy flight program. After 16 weeks of intensive training I received my commission as an Ensign in the Navy. Most of my five years of active duty was spent in Vietnam flying F-4J's off the U.S.S. Ranger. I am presently a Commander in the Naval Reserve but plan to retire from the Navy this year. After returning from my second tour on the Ranger I was sent to Nas Glynco, Ga., where I met my wife, June. We were married in Dec. 1973. We have one daughter - Paige Nicole Parkinson. Paige will turn eleven in April and is an honor student (straight "A's" since Kindergarten) in the fifth grade. I have been working for Hercules Incorporated since December of 1973 and am presently senior buyer primarily handling all the essential materials (chemicals) used at our Brunswick, Georgia plant. June and I broke ground for a new house just before Christmas and hope to move in by the first of May. I hope you have a good turn-out and wish that I could be there. After college in Tacoma and marriage I was drafted & spent some time overseas working for our Uncle. After that I suppose not many will be surprised that I was a district executive for the Boy Scouts of America for 7 years in the Portland area. During that time I accumulated 3 wonderful children: Greg—now living in Bend, Or. Lisa 19, a sophomore at U. of I. in Moscow, and Karley 17, a senior at Newberg High School where I have been employed for the last 10 years as a counselor. I am currently department chairman. Between scouting and Newberg High I helped the federal government develop a remarkable alternative high school program called Experience Based Career Education. For the past 8 years I have been a single parent raising 3 teenagers, (war stories anyone). I have also developed a couple of pretty serious outside interests: one is sailing as a crew member on a 101 foot schooner in Puget Sound and the San Juan each year on a ship built in 1913, teaching adolescents how to sail. The other is recreating the history of the fur trade era as elk stalker, for all kinds of groups. This summer I am employed as a national park ranger at Ft. Clatsop near Astoria, Oregon, the site where Lewis and Clark spent the winter of 1805-06.

CAN IT REALLY BE 30 YEARS?! MY LIFE SOUNDS AS IF NOT MUCH HAS HAPPENED IN ALL THAT TIME - I'VE LIVED IN THE SAME HOUSE FOR 25 YEARS AND BEEN MARRIED TO THE SAME MAN FOR 28 1/2 YEARS. BUT, THE HOUSE IS IN AN EXCITING LOCATION - ACROSS THE GOLDEN GATE BRIDGE AND 35 MILES NORTH OF SAN FRANCISCO. THE MAN IS A GOOD, DEPENDABLE AND LOVING LIFE-PARTNER. WE HAVE A 22 YEAR-OLD SON IN THE NAVY, NOW SERVING A 6 MONTH TOUR OF DUTY IN THE PERSIAN GULF. OUR 20 YEAR-OLD SON COMPLETED 2 YEARS OF COLLEGE AND FIRE FIGHTER TRAINING AND IS TEMPORARILY BACK HOME DECIDING WHAT'S NEXT. I GRADUATED FROM SAN FRANCISCO STATE UNIVERSITY IN '81 - 20 YEARS AFTER HIGH SCHOOL GRADUATION. I GOT MY TEACHING CREDENTIAL IN '84, AND WENT INTO MARKETING/ADVERTISING BECAUSE THEY WEREN'T HIRING ANY TEACHERS IN CALIFORNIA. AFTER WORKING FOR A FEW FIRMS PART TIME, WITH A PARTNER, AND IN MY OWN BUSINESS, I AM NOW A MARKETING SPECIALIST FOR AN ENVIRONMENTAL AND ENGINEERING FIRM LOCATED 8 MINUTES AWAY FROM MY HOME - AN AWESOME COMMUTE FOR THIS AREA! I ENJOY MY CAREER AND FEEL HAPPY AND SETTLED IN THIS JOG. I GO TO IDAHO FREQUENTLY TO VISIT MY FAMILY (MY PARENTS AND 2 OF MY SISTERS LIVE IN WILDER & HOMEDALE). I HOPE TO MAKE IT TO JEROME FOR THIS REUNION (I MADE IT TO THE 10TH AND 20TH) AND LOOK FORWARD TO EACH EVENT THAT COMES ALONG WITH A SPECIAL EXCITEMENT SINCE WINNING A BATTLE WITH LYMPHOMA (FORTUNATELY ONE OF THE MORE CURABLE OF THE CANCERS) ALMOST 4 YEARS AGO. I WAS IN INTENSIVE CARE ON A LUNG/VENTILATOR LIFE SUPPORT SYSTEM FOR 2 1/2 WEEKS, AND WAS TOO WEAK TO WALK WHEN I GOT OUT. LIZ TAYLOR WAS ONLY ON A LUNG/VENT MACHINE FOR 1 DAY, AND SHE WAS ON THE FRONT PAGES OF STAR AND GLOBE, AND YOU SURE NEVER SAW ME IN ANY TABLOIDS, NOW, DID YOU? IS THAT FAIR?! WELL, LIFE IN GENERAL MAY NOT BE FAIR - BUT I'VE LEARNED THAT I'M QUITE POND OF IT - AND SURE WASN'T READY TO GIVE IT UP! I DON'T EVEN MIND AGING ANYMORE, AFTER TAKING A CLOSE LOOK AT THE ALTERNATIVE! AND, I WALK FINE NOW - IN FACT, I WORK OUT AT A GYM EVERY MORNING.
