JEROME - Patricia M. Robinson "Skunk lady/Dragon lady" was allowed to pass into a bigger and better school of learning on Thursday, June 26, 2008, where her parents Louise and Hugo Standlee were waiting for her.

Patricia arrived on Feb. 6, 1943, into a family of two brothers, a sister and her loving parents.

She was always one that wanted to have fun and usually ended being in more trouble than having fun.

Patricia was not really keen on going to school or staying in school for that matter. She spent more of her time walking out the school doors rather than in. Ironically, later in life her most favorite career revolved around this exact same thing. Before her illness took it from her, she was an attendance secretary for the Jerome High School. There is not one person that has passed through the high school that can't tell you who Mrs. Robinson "skunk lady or dragon lady" is. She was and will always remain in people's minds as a petite, fragile looking woman who had even the biggest kids afraid of her. We all knew deep down she wasn't that mean, she just cared for each and every kid that passed through the school. She just wanted the very best for everyone in her dragon lady like way!

Patricia loves and will always remember those that she is leaving behind in spirit but not heart. Her wonderful grandchildren, Katie, Avery and Adrenia; the two daughters she was blessed with who were always there for her with unconditional love, care and understanding, Toni and Eva. Her brothers, Wayne, Steve, and sister Charlotte. Lastly, her circle of friends and people who were lucky enough to have known her.

At Patricia's request there will be no memorial services, for those who wish to celebrate her life family suggests a memorial contribution to the Jerome School District Foundation at any of the schools or the administration office.

Cremation arrangements took place under the direction and care of the Hove-Robertson Funeral Chapel in Jerome.
